## STATEMENT OF COMPETENCY

I certify that \_\_\_\_\_ has successfully completed the following proficiency  
(Pilot Name)  
checks and meets all FAR 135 requirements for this company:

### Fixed Wing

#### Single Engine, VFR (135.293 a&b)

Date \_\_\_\_\_ Type A/C \_\_\_\_\_ Check Pilot \_\_\_\_\_ FAA (Office)  
or Company \_\_\_\_\_

#### Multiengine, VFR (135.293 a&b)

Date \_\_\_\_\_ Type A/C \_\_\_\_\_ Check Pilot \_\_\_\_\_ FAA (Office)  
or Company \_\_\_\_\_

#### IFR (135.297 a)

Date \_\_\_\_\_ Type A/C \_\_\_\_\_ Check Pilot \_\_\_\_\_ FAA (Office)  
or Company \_\_\_\_\_

#### Single Pilot IFR with Autopilot (135.297g):

Date \_\_\_\_\_ Type A/C \_\_\_\_\_ Check Pilot \_\_\_\_\_ FAA (Office)  
or Company \_\_\_\_\_

#### Line/Route Check (135.299):

Date \_\_\_\_\_ Type A/C \_\_\_\_\_ Check Pilot \_\_\_\_\_ FAA (Office)  
or Company \_\_\_\_\_

Signed: \_\_\_\_\_  
(Chief Pilot or Manager)

Date: \_\_\_\_\_

Company: \_\_\_\_\_

## OAS-64A Instructions

The applicant is required to complete all information on this form except for the previous employer and last DOI Aviation Management/USFS approval and checkride.

**Rental Agreement No.:** Full ARA number 80 or 81(80 lower 48; 81 Alaska).

**Addresses:** Check for area codes with phone numbers and zip codes with addresses.

**Employed By:** Pilot must be employed by the company that has the contract or ARA.

**Aircraft to be Flown on this Contract:** For each make/model to be operated under the DOI Aviation Management contract or Aircraft Rental Agreement, fill out the checkride portion on the reverse side of the white page OR submit a copy of each FAA 8410-3 checkride form for the type of operation to be performed (i.e., VFR, IFR, autopilot, landplane, seaplane, etc.). The FAA form 8410-3 must list the contract/ARA vendor in the "employed by" block to be valid.

- (a) Single engine airplane: Evidence must be provided for a current 135.293(a) and (b). Check for one make/model and a 135.293(a) for each additional single engine airplane.
- (b) Multiengine airplane: Evidence must be provided of a current 135.293(a) and (b). Check for each make/model.
- (c) Seaplane: Evidence must be provided of a current 135.293(a) and (b). Check for one make/model and a 135.293(a) for each additional single engine airplane.

Indicate PIC time in make/model noted. If multiple aircraft approvals are requested, use the block(s) to document PIC time in each make/model. (*Note: Give breakdown of time separately, for example: Cessna 206, 310, etc.*)

**Part 135 Flight Check:** An FAA Form 8410-3 is acceptable. The form must be attached to the OAS-64A. If a copy of the 8410-3 is not available to attach, use the backside of the white 64-A to record the required information. This evaluation must indicate the contract/ARA vendor as the employer.

**Date of Previous Agency Card Approval and Flight Check:** List agency and date. The last DOI Aviation Management/USFS approval and checkride information is not required; this information may affect whether a flight check is needed.

**Aircraft Accidents/FAA Violations Last 5 Years:** Put an "x" in the appropriate box. Note: If you answered "yes," attach an explanation with the date of the accident/violation. Only one copy of the accident/violation explanation is necessary.

**Airtanker Operations Only:** Indicate date and aircraft type.

**Special Use Operations - Duty Approved For:** The approval of a "special use" mission will be indicated by the inspector's initials in the blank preceding that special use. Immediately to the right of the special use, the inspector will place either a DO or DF to indicate whether the special use approval is based on a DOI Aviation Management or USFS flight check. A date will be included with the DO or DF to indicate the date of the flight check when the special use was demonstrated. If the date of the flight check is the same as the date the card is issued, no date is required next to the DO. *Example: "DO" next to "low level" would indicate that the DOI Aviation Management inspector gave a checkride for low-level on the date he completed the OAS-64A. "DF 01/93" next to the "paracargo" would indicate that the USFS inspector gave a checkride for paracargo in January 1993.*

**Signature of Pilot:** The signature block must contain the signature of the applicant and not a "for" signature or a signature of the secretary or chief pilot.

**Make/Model (Type) Aircraft:** List each make/model of aircraft under the "type aircraft" block. The inspector must print his last name under his signature.

**Agency:** List DOI Aviation Management AK, HQ, EAO, WAOB, or WAOP as appropriate.

**Date(s):** Expires on State's inspection month. Dates will always be written as month/day/year. *Example: MM/DD/YY*

## PRIVACY ACT NOTICE

**General** - - This information is provided pursuant to Public Law 93-579 (Privacy Act of 1974), December 31, 1974, for individuals supplying information for inclusion in a system of records.

**Authority** - - The authority to collect the information on the attached form is contained in 5 USC 552A.

**Purpose and Use** - - This information, along with data you may have supplied previously, and information developed by investigation will be for use by such as:

1. To determine your pilot qualifications to comply with contract specifications.
2. Transfer to the U.S. Department of Justice in the event of litigation.
3. Transfer, in the event there is indicated violation or potential violation of a statute, regulation, whether civil, criminal, or regulatory in nature, to the appropriate agency or agencies, whether Federal, State, local, or foreign, charged with the responsibility of investigation or prosecuting such violation or charged with enforcing or implementing the statute, rule, regulation, order, or license violated or potentially violated.
